

Video Downloader for Instagram - Cookie Policy

Last Update: Sep 12th, 2022

1. Introduction

This Policy informs You about the technologies that help this Application to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a user's device as they interact with this Application.

For simplicity, all such technologies are defined as "Trackers" within this Policy – unless there is a reason to differentiate. For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this Policy, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this Policy.

This Application uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this Policy, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, you may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

To find more information dedicated to Californian consumers and their privacy rights, you may read the privacy policy.

2. Activities strictly necessary for the operation of this Application and delivery of the Service

This Application uses so-called “technical” Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

3. Other activities involving the use of Trackers

Targeting & Advertising

This Application uses Trackers to deliver personalized marketing content based on User behaviour and to operate, serve and track ads.

The advertising service allows User Data to be utilized for advertising communication purposes. These communications are displayed in the form of banners and other advertisements on this Application, possibly based on User interests.

This does not mean that all Personal Data are used for this purpose. Information and conditions of use are shown below.

Some of the services listed below may use Trackers to identify You or they may use the behavioural retargeting technique, i.e., displaying ads tailored to the User’s interests and behaviour, including those detected outside this Application. For more information, please check the privacy policies of the relevant services.

Services of this kind usually offer the possibility to opt out of such tracking. In addition to any opt-out feature offered by any of the services below, you may learn more on how to generally opt out of interest-based advertising within the dedicated section "How to opt-out of interest-based advertising" in this Policy.

AdMob (Google LLC)

AdMob is an advertising service provided by Google LLC.

In order to understand Google's use of Data, consult Google's partner policy (<https://policies.google.com/technologies/partner-sites>).

PERSONAL DATA PROCESSED: Tracker, unique device identifiers for advertising (Google Advertiser ID or IDFA, for example) and Usage Data.

Place of all this processing: United States:

Privacy Policy (<https://policies.google.com/privacy>)

opt Out (<https://adssettings.google.com/authenticated>)

Storage duration: up to 2 years

4. How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

You can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, you can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, you can manage their preferences and withdraw their consent via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

You can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

Google Chrome

Mozilla Firefox

Apple Safari

Microsoft Internet Explorer

Microsoft Edge

Brave

Opera

You may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (You may open the device settings and look for the relevant setting).

5. Owner and Data Controller

Instagram Video Downloader

Our contact email: support-spoter49@gmail.com

Since the use of third-party Trackers through this Application cannot be fully controlled by the Owner, any specific references to third-party Trackers are to be considered indicative. In order to obtain complete information, you are kindly requested to consult the privacy policies of the respective third-party services listed in this Policy.

Given the objective complexity surrounding tracking technologies, you are encouraged to contact the Owner should they wish to receive any further information on the use of such technologies by this Application.
